

Research and Innovation Collaboration between Germany and Taiwan in the field of Microelectronics (2nd Call)

Instructions for submitting a “Digital business card”

Participants of the [Networking Event](#) have the opportunity to upload information about their organization/company in a password-protected file cloud in order to network with potential partners or to search for project partners.

The link to the cloud is published at <https://www.elektronikforschung.de/design> under “Access to presentation slides and business cards”.

Alternatively you can use the direct link to the cloud:

<https://transfer.vdivde-it.de/index.php/s/9bAEZNo9k77bpRZ>

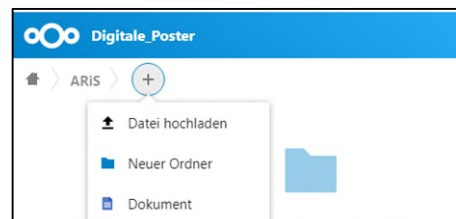

The cloud is protected by a password. Participants will receive the password during the event in the chat or can ask for it by email: designinitiative-me@vdivde-it.de

The cloud will remain open until September 30, 2024.

You can upload your files by using the “plus” button and choosing the menu “file upload”.

Examples for files that you can upload:

- Presentation slides in PDF format with contact details and a brief description of the expertise being offered and sought
- Videos (max. 2 GB in .mp4 format)

Please note that by uploading your files you agree that all other participants can access the content. It is therefore important to respect image rights and obtain approval from everyone involved.
